

INTO» COLORADO STATE UNIVERSITY

Welcome to INTO CSU!

At INTO Colorado State University, international students join a supportive community that is committed to helping them integrate with ease into American university life while preparing for their degree studies. INTO CSU Students have all the benefits and experiences of campus life at an American university. Studying in the heart of the CSU campus, students develop friendships with American and international students and have access to all of the academic, social, and cultural resources and activities at CSU.

INTO CSU's Mission

The mission of INTO Colorado State University is to provide quality English language and Pathway programs and comprehensive support services to international students interested in learning English for personal, professional, or academic purposes, and to serve the university and student body at large.

The INTO CSU Advantage

Colorado State University partners with INTO to create a support system for international students. Our Academic English, International Year One and Graduate Pathway programs help students transition to a US degree program. Students will enter a fully integrated program where they will learn alongside their American peers to earn academic credits towards their CSU degree while developing their English skills. Upon successful completion of the Pathway program, students will progress to a CSU degree program.

INTO CSU is located on campus and offers students many additional services including:

- Personalized academic, language and cultural support
- Conversation partner programs to practice English
- Social activities
- Test preparation classes (GRE, GMAT, IELTS)
- Visa and immigration support

INTO CSU Programs

Academic English (AE)

- Helps students improve their English proficiency when their English levels are lower than required for entry to PW programs by introducing them to generic academic skills in English.
- Serves students who may or may not wish to pursue a degree at CSU after successful AE program completion.

Pathway Programs (PW)

- Helps students improve both their English and academic performance (GPA) to successfully complete their first two years, one year or semester in their targeted degree programs at CSU.
- Integrates PW students with Direct Entry students from the start to enhance their adjustment to the new academic context.
