3. _____ Department and Dean present the Preliminary Program Proposal (PPP) to the Council of Deans (CoD) with the University Curriculum Committee (UCC) chair in attendance. The CoD makes their recommendation to the Provost as to whether the department should develop a comprehensive proposal.
4. _____ Department/College prepares a Comprehensive Program Proposal (CPP) for *new degrees and new majors*. The CPP must include program of study, number and description of new and existing courses, relationship to existing programs of study, survey of similar programs within the CSU System (Global and Pueblo), ideas about collaborating within the system where possible and draft budget. Department consults with Dean about fiscal and programmatic concerns, and willingness to support the proposal. Department/College submits the CPP to their College Curriculum Committee with CIM course proposals for each new course and any changes to existing courses that will be in the new program.

VPUA/DGS reviews complete CPP including a detailed budget review. The VPUA/DGS meets with the Provost to review the proposal if needed. Dean submits CPP to the Committee on Strategic and Financial Planning (COSFP) Chair and the University Curriculum Committee (UCC) chair for committee reviews. New courses and changes to courses are added into the CIM system, followed by submission of the program into the CIM system with the most recent version of the Comprehensive Program Proposal attached.

8. _____ COSFP conducts a budgetary review. Following COSFP review, COSFP Chair provides a written memo or email to the VPUA/DGS, Provost, Dean, and the UCC Chair with the outcome of this CPP review.
9. _____ UCC considers the course proposals (if not done prior to this time) and conducts a preliminary review of the CIM program proposal to assure that the courses needed have been created in appropriate formats, that the program of study has appropriate learning objectives, and that the program of study is complementary to existing programs of study. The outcome of this review should be sent as a memorandum or email from the CoSRGE chair addressed to the Provost and DGS. The outcome of CoSRGE's review is summarized in the comments section of the CIM program proposal and moved forward in the workflow to the UCC.

NOTE: If a second presentation results in changes to the courses/programs, the UCC will need to reconsider the CPP.
